

Scot Doyen
President NCISDABC
2010-2011 Candidate

My name is Scot Doyen and I am running for President of the New Caney ISD Athletic Booster Club. I have four daughters, the older two of which are already involved in athletics. My oldest daughter is a multi-letterman and will graduate next year from NCHS. My other three daughters will attend PHS. I understand the concerns that parents have about keeping the two programs competitive and treating them fairly because I have children in both "tracks."

I have been involved with the Booster Club for three years, serving as one of the Vice Presidents for the 2009-2010 Club year. I am very proud of the achievements the Booster Club has made over the last three years. We have worked very hard to bring more structure and financial accountability to Club. We have seen the Club grow in membership numbers, and in the amount of money we are able to contribute back into the athletic programs for our kids. That is really what the Booster Club is all about: doing whatever we can to raise money to help our coaches and our kids.

I am committed to leading the Booster Club forward as the primary support club for both high school programs, until the Club is large enough and stable enough to separate into two free-standing, fully operational Clubs. And, I am committed to the proposition that the Booster Club "split" as soon as it can, but that it not happen in such a manner or at such a time that one Club or the other would be disadvantaged or hurt. To allow such a thing to happen would only serve to hurt the kids in the programs at that school. We simply cannot allow that to happen.

Next year will be a significant year in the history of the Booster Club and in the history of the athletic programs in our District. We worked to create a structure within the Booster Club that can accommodate two high school programs by creating two Vice President offices, one for each high school. Each Vice President will be responsible for working with a committee of volunteers for their respective school. Now, that structure will be put to the test. I am confident that we can implement the structure effectively and that the Booster Club will continue to grow and will make an even larger positive impact next year.

I look forward to the challenge of leading the Booster Club forward and I would appreciate your support and vote in that effort.
